Governor Greg Abbott today issued an Executive Order implementing Essential Services and Activities Protocols for the entire state of Texas. The protocols direct all Texans to minimize non-essential gatherings and in-person contact with people who are not in the same household. The Governor's Executive Order renews and amends his previous order enforcing federal social distancing guidelines for COVID-19, including closing schools and instructing Texans to avoid eating or drinking at bars and restaurants. Help Keep Our Garbage and Recycling Truck Drivers Safe

The Woodlands Township asks for your assistance in helping to keep our garbage and recycling truck drivers safe. Please help prevent truck fires and protect the environment by not placing hazardous waste in your garbage or recycling. Waste Management has reported an increase in truck fires due to hazardous waste being put into trash carts. Batteries, chemicals, motor oils, and propane tanks should be kept out of your recycle, trash, and green waste. These items require special handling at a household hazardous waste facility. Currently those facilities are closed. Please hold onto these items until they reopen.

If you need to report a missed pick up, schedule a bulk pickup or submit another request, please contact Waste Management at 1-800-800-5804 or email cssatex@wm.com.

Waste Management continues to provide weekly curbside services according to your designated service day. Due to an increase in volume, pick up times may vary from your previous pick up time, however, trucks are operating from 7 a.m. to 7 p.m. Monday through Friday. We anticipate that disruptions in service may be inevitable if and when local, state or federal declarations mandate additional operational restrictions.

Simple Recycling (textile recycling using an orange bag) has been suspended until further notice. Please hold onto items you may have used for this service until a later date.
